FORTY-SEVENTH YEAR | Uncle Sam Needs You—Buy Defense Bonds | CANYON, TEXAS, THURSDAY, OCTOBER 15, 1942 | Uncle Sam Needs You—Buy Defense Bonds | NUMBER 32

First Car of Scrap Is Shipped

Trucks and Trailers Must Be Registered

Certificates Only to Those Vehicles Which Are Needed in Winning the War

All farm trucks, trailers, busses, taxicabs and similar commercial vehicles will be required to register Oct. 22-24. An order for this registration has been issued by the Office of Defense Transportation.

Such vehicles will not be able to operate unless their owners secure a Certificate of War Necessity.

Local committees are being appointed in each county of the nation composed of five members. Operators subject to the new registration order will not be able to obtain gasoline, tires or parts without Certificates of War Necessity.

This order takes in every farmer in Randall county since there is not a farm in the Panhandle which does not have a truck or trailer.

It is necessary that all who are affected by this order should complete the registration October 22-24 since these certificates are required effective November 15. The purpose of the program is to conserve equipment for war purposes.

Application blanks for the Certificates of War Necessity are being mailed by the office of Defense transportation direct to each truck and commercial vehicle owner, making it unnecessary to write in for blanks. As the mailings are completed in each ODT district, full announcement will be given, after which anyone who failed to receive a blank will be advised how to obtain one.

Moving of farm products as rapidly as possible is recognized as a war necessity and the regulations are written with the view of assisting farmers with their transportation.

County Agent W. H. Upchurch states that the local board to handle this work is now being selected and will be announced this week.

Draft 18-19 Is President Urge

Congress Is Expected to Act on Law Soon to Build Army to Needed Strength

President Roosevelt in his fireside talk Monday night advocated that 18 and 19 year old boys should be immediately inducted into the armed forces.

Congress has been considering such a bill, but it was generally thought that the bill would not be passed until after the November election.

Speaker of the House Sam Rayburn has promised the President that a bill to induct these boys will be passed by the House by Saturday night. The Senate indicated that four weeks may be necessary to pass the measure.

It is certain from sentiment in Congress that the bill will be passed and that local Selective Service Boards will start inducting men from this group by the first of January. This will postpone the necessity of calling married men in many counties.

35-Mile Limit Signs Going Up: Enforce Soon

There is no longer any question about the legal speed limit in Texas, It is 35 miles per hour. If you do not believe it, just try speeding past a Texas Highway Patrolman. He will tell you about the new legal speed.

Warning signs are being erected in this district telling motorists that the speed limit is 35 miles per hour.

Highway Patrolmen in Canyon this week state that no official orders had been sent out by the State Highway Department to arrest those who exceed the speed limit. However, as soon as all warning signs are erected, orders will be issued to clamp down.

The low speed limit is for the purpose of conserving tires and gasoline. Texas motorists are expected to co-operate wth the Federal Government in the movement to keep civilian cars running as long as possible.

Saturday Final Day for Turning in Your Old Keys

Saturday night is the dead line for turning in your old keys.

The News office has quite a bunch of keys which have been turned in during the past week. These will be shipped to Washington Monday morning.

All citizens who have keys which they would like to contribute to the war effort, please bring them in before Saturday night. The keys contain precious nickel and is greatly needed in many branches of munition manufacture.

W. J. Wooten has gathered a large bunch of keys at the Olympic, so that at least two large shipments of keys will go from Canyon to add to the nation's nickel stock.

New Hours Start For Postoffice Friday Morning

New hours will be started at the postoffice Friday, states Postmaster Guy Harp.

The window will not open until 9 o'clock and will stay open until 6 o'clock. The change is made as a conservation of lights.

No mail will be received or dispatched after 6 o'clock as all of the clerks go off duty at that time.

The lobby will remain open until 8 o'clock during the week days and until 7 o'clock on Sundays.

Lee McLaury Goes to Fritch Station

Lee McLaury has been transferred from the West Texas Gas Office in Canyon to the production department at Fritch. He leaves today for his new position. Lee (Tige) started with the company three years ago while a student in West Texas State. He was co-captain of the Buffalo football team.

Joe Carver will start working at the local office here next Monday.

Mr. and Mrs. W. H. McAtee, Billy and Jerry and Miss Jean McAtee spent the week-end in Sayre, Okla., visiting Mrs. Lee Chandler and Earl McAtee and their families.

Sugar Stamp 9 to Be Effective on Nov. 1, 3 Pounds

Sugar Stamp No. 9 may be used starting Nov. 1 to Dec. 15. The stamp will be good for three pounds.

T. S. Stevenson, clerk of the Rationing and Price Board, states that some who secured canning certificates did not use them. The limit for use is 60 days, and those who did not use the certificates within that time should return them for cancellation. New certificates will be issued for the cancelled ones if the householder qualifies for canning sugar.

Capt. Al Baggett on Brief Visit Here

Capt. Al Baggett paid a brief visit to Canyon Sunday evening, accompanied by Mrs. Baggett, librarian of the Amarillo College.

Capt. Baggett is director of physical education in six Southwestern states. His headquarters are at Tulsa, and it will likely be possible for him to pay brief visits to Canyon during the coming months. The army is putting on a well balanced physical education program in all of the camps where men are being trained.

Capt. Baggett brought with him a sail fish which he caught in the Atlantic off Miami Beach June 21. The fish is 7 feet long and weighed 52 pounds. It is mounted and placed on display in the show window of the Jarrett Drug Co.

Alton Key of Burbank, Calif., is visiting this week in the home of his parents, Mr. and Mrs. J. D. Key.

Tom Key of Chickasha, Okla., visited over the week-end with his brother, J. D. Key.

Gasoline Books Ration Nov. 9

Extra Casings Must Be Turned In; Speed Limit Must Be Observed

Registration for gasoline rationing will start Nov. 9 according to announcement from Washington made on Tuesday. Ration books will be issued and the rationing plan will be made effective Nov. 22.

Gasoline rationing is more than a plan to save gas. It is for the primary purpose of conserving rubber. Three important points are stressed in connection with rubber conservation.

1. Only five casings will be allowed for each car. These must be registered and the car owner cannot secure gasoline on the ration book if his car has different casings than those registered. Surplus casings must be sold back to the government. This is to prevent hording of rubber.

2. All tires must be inspected at regular intervals, and reports will be made by service stations on these inspections. Those who fail to have these inspections made will not get gasoline.

3. Drivers who exceed the 35-mile per hour law will have their license revoked, or their gasoline ration reduced.

Half of October Bond Quota Taken During 13 Days

Randall county citizens have bought more than half of the October quota of War Bonds, according to R. H. Wright, county chairman.

The sales from Oct. 1 through Oct. 13 amounted to $11,654.75. The quota for the month is $20,400.

Mr. Wright states that the sales do not include any purchase of bonds made by citizens of Randall county at points other than Canyon. However, Mr. Wright has been advised that the county's quota will be given credit according to places of residence of the purchaser instead of location of the issuing agent. By this system, Randall county citizens who buy outside of Canyon and give their residence as Randall county may be assured that this county will receive credit for the purchase.

School Board Has 2 New Members Craig, Jennings

Dr. E. J. Cundiff has resigned as a member of the school trustees. He was named president of the board following the resignation of Dr. R. A. Neblett recently.

The trustees elected Ross Craig and Worth A. Jennings, Jr., to fill the two vacancies on the board caused by the resignation of Dr. Neblett and Dr. Cundiff.

Dr. Harris M. Cook was elected president of the board and L. D. Winn, secretary.

Rattlesnake Bite Sunday: Groom Man Not Serious

W. F. Finton of Groom was bitten by a rattlesnake Sunday afternoon on the highway to the Palo Duro Park.

Mr. Finton and party were on their way to the park when the car had a flat. Mr. Finton got out to fix the casing when he was hit on the ankle by the snake which was coiled near the pavement.

Finton was taken to an Amarillo hospital after emergency treatment at the Henry Miller home, and at last report was suffering no serious affects.

County Must Have Machinery Priority

The Commissioners Court found at the meeting Monday that the county must have a priority rating in order to keep the road machinery running.

Mrs. Elzie Price, County Treasurer, is working up the information blanks on machinery bought and repaired in order to complete the priority claim.

STORK SPECIAL

A daughter was born to Mr. and Mrs. Chas P. Adams Oct. 10.

A son was born to Mr. and Mrs. Leonard Brasuel Oct. 8 in Santa Fe. He is named George Murphy. This is the fourth grandson of Mrs. Hattie Brasuel born within a month.

MARRIAGE LICENSE

Lazaro Garza and Ida Solano, Oct. 13.

L. H. Donaho and Mrs. Dora Smallwood, Oct. 13.

Canyon High School P. T. A. needs you. You can help it.

All Day Rain Falls Wednesday

Slow, Steady Rain Will Retard Harvesting Row Crop: Danger of Freeze

Rain amounting to 1.33 inches fell in Canyon this week. A light shower amounting to .09 of an inch fell Monday night. Durng Wednesday a steady rain fell from early in the morning continuing until 5 o'clock in the afternoon. This rain amounted to 1.25 inches.

These rains bring the total moisture for October to 3.83 inches. The total for 1942 now stands at 17.89 inches. The rainfall is rapidly approaching normal for the year in spite of the small amount of moisture received in the spring and summer.

The rain this week was not needed by the farmers. Practically all of the 1943 wheat acreage has been planted and is getting a wonderful start. There will be an abundance of wheat pasture available all over the county.

Harvesting the row crop has been greatly handicapped, and dry weather now is greatly desired. There is always danger of a freeze following October rains. While frost would not damage the feed crop now, a hard freeze would do considerable damage to the feed. To continue the ideal weather of 1942, freezing weather would be postponed long enough to allow the feed to be harvested—yet this ideal could hardly be expected.

Absentee Voting Is Now Possible General Election

Absentee voting for the General Election on Nov. 3 has started in Texas. Yesterday was the first possible day on which votes might be cast by those who wll not be in Randall county on that date.

The official ballots were printed and delivered to County Clerk A. B. Holt in time for the opening of absentee voting. These ballots will be used by those who have paid their poll taxes.

Under the new federal law, men in the armed forces who did not pay their poll taxes may vote for federal officers by applying to the Secretary of State for ballots. Special ballots are prepared for these men with only the names of candidates for United States Senator and for Congress. These men will not be allowed to vote for state candidates and the five constitutional amendments since they did not pay their poll taxes.

The News intends publishing the official ballot next week and will give information regarding the five amendments.

J. A. Oden Died Friday at Home In Carlsbad, N. M.

James A. Oden, 70, died at his home in Carlsbad, N. M. after an illness of ten days. He was a pioneer of West Texas, having lived in Canyon for several years so that his children might attend college.

Mr. Oden was a cowpuncher on the XIT ranch in the early days. He was one of the first county commisisoners of Castro County.

After leaving Canyon the family moved to Carlsbad in 1928.

He married Lulu Conner at Tulia, and reared a family of seven boys and one girl, who with the widow, survive. The children are: Conner, of Floydada; James C., of St. Louis, Mo.; Pascal of Omaha, Neb.; Glenn C., of Carlsbad, N. M.; Leslie A., of Council Bluffs, Iowa; Lieut. J. A. a member of Battery B, 200th Coast Artillery, Anti-Aircragt, New Mexico National Guard, who is known to have seen service at Bataan, Philippine Islands and who is believed to be a prisoner of the Japanese; Mrs. Paul Graham of Carlsbad, N. M.; and William F., last heard from at the U. S. Navy Training School at Columbia, Mo.

Guests of Mr. and Mrs. Norval Dickerson Sunday were his mother, Mrs. Flora Dickerson and his brothers and families, Mr. and Mrs. Elbert Dickerson of Silverton and Mr. and Mrs. Alan Dickerson of Floydada.

Mrs. Harley Stone of Dumas and Harley Stone of Amarillo spent the week-end in the parental Guy B. Tabor home.

Miss Lois Goodrich of Life Camp, Conn. visited here Monday. She was formerly a journalism and English teacher in Canyon High School.

Miss Oma Robertson spent Sunday in Amarillo with her brother.

Hitler Is Hanged by Scrap Giant

The scrap fight is on. From every corner of the United States comes word that scrap iron by the tons is being poured into the fight. It takes scrap to whip the Japs; it takes scrap to whip Hitler; and Old Muss will be mussed in a big way by this scrap. Over at Tulsa the school kids made the above giant out of scrap, to which they hung Adolph. The scrap drive in Randall county is coming fine, but will not be complete so long as one single citizen fails to turn in all of his scrap metal.

Buffs Will Meet the Miners Saturday

Fast Team From El Paso to Invade Buffalo Stadium; Visitors Bring Good Record

Quickly laying aside their 18-13 conquest of the Pilots from Albuquerque, the West Texas State Buffaloes have returned grimly to the business of coping with the up-and-coming Texas Miners of El Paso here Saturday night.

Leading the Miners' attack will be "Sugar" Evans, 212-pound freshman fullback, who literally demolished the opposition as the boys from El Paso came back from a first game defeat to win from the New Mexico University, 7-0. Every Buff will undoubtedly be out to ration "Sugar." Another backfield star, Bidler, plays left half, specializing in end sweeps and passing. Backbone of the line are Right Guard Abraham, 180-pound freshman and 205-pound P. Howard, right tackle.

Although the Maroon and White line outweighs Coach Chule Milner's boys 12 pounds to the man, the Miners have an equal advantage in the backfield.

While it is too early to get any definite changes there might be in the lineup, the performance last week of such reserves as Reeves, Vick, Word, and Kirkpatrick make it certain that they will see plenty of action. With Reeves passing, the Buffaloes looked something like the team in the days of Foster Watkins.

"They work mostly off of a Notre Dame offense, blocking hard and tackling viciously," says Assistant Coach Windy Nicklaus, who scouted the Muckers.

Jack Curtice, formerly head coach of the Buffs, guided the Miners through spring training before he was called to the Navy.

HAS OPERATION

Mrs. Roy Campbell is in an Amarillo hospital for an operation.

Mrs. Leroy Hill and son, John Joe of Borger and her sister-in-law, Mrs. Kenneth Hohlaus of Amarillo, are visiting in the J. A. Hill home. Mrs. Hohlaus, whose husband is a Captain in the Air Force just recently returned from Crouix Island, Porto Rico, where he is stationed.

Mr. and Mrs. Fred Walker of Amarillo visited with friends here Sunday.

Worth Jennings, Jr. is on his vacation this week.

Army Will Seek Mechanics Here Saturday 2 p. m.

Recruiting officers will be at the City Hall Saturday afternoon at 2 o'clock to interview men who wish to serve as mechanics in the flying school at Lubbock.

Men 18 to 50 years may enlist in this service. Physical defects will be waived. Men may be either married or single. Dependents of married men will be given allotments.

Captain W. A. Smith was here Monday making arrangements to return Saturday to take application for mechanics.

R. M. Tankersley Died Sunday at Amarillo Hospital

R. M. Tankersley, 55, died Sunday at an Amarillo hospital. He recently sold his dairy south of Canyon because of failing health and moved to Amarillo.

The funeral was held Monday afternoon, conducted by Rev. Lee Perry of the Sanford Baptist Church, assisted by Rev. Marvel Upton, pastor of the Bushland Baptist Church.

Pall bearers were T. C. Jones, O. E. Austin, James Walden, Jim LeGrand, W. H. McAdoo, F. D. C. Middleton. Interment was in Llano Cemetery.

Surviving is the wife; two daughters, Mrs. Margaret Brasuel of Santa Fe, N. M., Mrs. Louise Jones of Amarillo; three brothers, Fred Tankersley of Albany, T. L. Tankersley of Kaufman and C. S. Tankersley of Brownsville; one sisiter, Mrs. Joe Magness of Dallas.

Ration Certificates to Buy Rubber Shoes

Rubber boots and shoes may now be purchased at local stores by persons who obtain proper rationing certificates, states W. J. Wooten, chairman of the Randall County War Price and Rationing Board.

Miss Virginia King of Perryton visited in Canyon Monday. She was formerly a commercial teacher in Canyon High School.

215,268 Pounds Metal Gathered

Every Citizen Is Urged to Turn In All of the Scrap Metal He Can Find

The collection of scrap metal in Canyon has mounted to 231,652 pounds, according to a report of Jeff Wallace yesterday. Of this amount 215,268 pounds is scrap iron and 16,384 pounds is sheet metal.

The first carload of scrap iron was shipped Friday. The government directed that it be shipped to a steel mill in Colorado. Junk dealers are required to ship to the mills which need the metal.

Mr. Wallace states that the response of the farmers and school children has been good during the past week. 51,000 pounds of metal has been brought in during the week. After every rain, when farmers cannot work in the fields, there is a splendid response of metal.

Every citizen of Randall county is urged to make a search of his premises this week and see to it that all of the scrap metal is furnished for vital war production.

More Men Leave To Start Work Military Life

Three men will leave Saturday morning for Lubbock to take their physical examinations. A fourth man volunteered the last week.

The local board has a call for 31 men on October 30 and another call for 31 men on Nov. 10. More than half of these have already volunteered in the various branches of the service.

The following men left this week:

Edgar Robinson, junior mechanic at Colorado Springs, Colo.

Donald David Stinson, air force.

Alfanso Dickson Parker, signal corps.

Samuel Otis Archer, air force.

Loyd Devin, vocational high school teacher, air force.

Perry Grey Baker, air corps.

Warner T. Buell, air corps.

Benjamin Ward Railing, air corps.

Howard E. Boling has been called for the air force on Oct. 23.

Postal Receipts Are Increased in September 20%

Postal receipts in Canyon increased 22% during the month of September over September 1941, according to the monthly summary of the local office.

In September, 1941, the receipts amounted to $4,603.86. During September, 1942, the receipts climbed $1,022.74 bringing the total of the month up to $5,626.60.

Postal money orders are not included in postal receipts. There was a large increase in the amount of money orders sold by the local office, according to the monthly report.

Bank Will Change Hours Starting Monday, Oct. 19

Changes in banking hours will be started next Monday according to R. H. Wright, president of the First National Bank.

Effective October 19, the bank will not open until 9:30 o'clock and will remain open until 12:30 p. m. The bank will close for the luncheon period of 12:30 to 1:30. The afternoon banking hours will be from 1:30 to 3:30 o'clock.

These changes are made because of the fact that the days are becoming so much shorter.

Dr. W. E. Lockhart is Captain in Army

Dr. William E. Lockhart, Jr., has received his commission in the Medical Corps of the Army.

He has volunteered for foreign service and expects to be called in a few weeks.

Dr. Lockhart has been at Alpine for several years. He was here recently to attend the funeral of his father, Captain W. E. Lockhart.

CORRECTION

Last week the News made an error in saying that Pete Cowart had been promoted to second lieutenant. He has been promoted to First Lieutenant.

Mr. and Mrs. W. B. Persons are home for a few days to visit with his mother, Mrs. Grady Persons. He is with the Bell Telephone Co. and has been working in the Atlantic states for the past year.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

This mechanical warfare is amazing to those of us who have not progressed beyond the simple age of simple machines. The amount of metals necessary to build planes, tanks, guns, trucks, and submarines staggers the imagination of those of us accustomed to thinking in simple terms. To produce the necessary machines, four distinct steps are needed: Plant capacity; trained mechanics; raw materials; money. The first two items exclude most citizens, as few are able to build manufacturing plants, and skilled mechanics are always at a premium. But we can all do our part in the third and fourth items. Raw materials are laying around in the most unsuspected places. There is hardly a house in Canyon, or any place else in the United States which will not yield several pounds of precious metal if all of the discarded articles are turned into war production. And when it comes to money, there is hardly a citizen who may present a legitimate excuse for not supporting the war by buying War Bonds and Stamps. If every citizen could realize that the winning of the war depended upon his efforts, more of us would be exerting ourselves more than we are now doing. Certainly no one individual can win the war. However if 133 million Americans each think that his efforts amount to nothing, we would be whipped in a few short weeks, and would deserve to be whipped. In a Democracy every citizen has a vital role to play, and the success of Democracy depends entirely upon how well each of us plays this role.

President Roosevelt and Prime Minister Churchill have made it clear that those responsible for the war, and those who impose inhuman cruelties upon the conquered peoples must be punished after the war. These statements are timely. It is almost as important to look toward an after-war program as it is to see that the war is won. It is extremely important that the people of the United States be impressed with the necessity of an after-war program. You will recall that in 1918 Woodrow Wilson attempted to tell the people of the United States that it was important that the world should look to the future and prepare for a peace that should be lasting. Instead of heeding his words, America grabbed her hat, rushed home from the battle fields of Europe and said, "To hell with this mess. We are going to look after our own affairs and let Europe get along the best they can." We now see the fallacy of such reasoning. We allowed Hitler to start another war before we were hardly aware of his strength. If the war should stop soon, certainly the United States should not allow Hitler and his war lords to go unpunished. We allowed the Kaiser to flee to Holland and live in luxury after World War I. No punishment could be too severe for Hitler and his gang, and unless he is made an example, the world may expect to have another war in 20 or 25 years.

The American Legion held another convention last week. It was a sober affair. None of the spectacular parades and celebrations as witnessed in other conventions were pulled off. Legion leaders looked back over other years and reflected on the advice which the nation had allowed to go unheeded. Legionnaires realize that their fight of 1917-18 was a mere picnic compared to what is going on today because of the much wider destruction of this mechanized war. Preparedness has been the battle cry of the Legion since its inception—but our nation slept on under the false security of isolation. If our nation had taken the advice of the Legion we should have had a well trained army when Hitler went on his conquest instead of only 160,000 men poorly equipped. A blast from the Legion condemns all strikers as unpatriotic and calls upon them to work or fight.

The question of manpower is rapidly becoming critical in the nation. Selective Service is recommending wholesale deferments of men engaged in production of vital war materials. While no one knows how many men are now under arms, it is indicated that they number about 4 million. There is talk of an army of 10 millions. Washington officials are working and planning for a 5 to 10 year war. They profess not to be able to see any prospect for peace in the near future. If the war goes on 5 years and America raises an army of 10 million men, it takes almost wild speculation to see how the manpower picture of the nation will be changed in order to maintain such a large force of fighters. The change in civilian life will be so great that no one can hardly suspect today just what these changes will be.

The farm labor situation is becoming more and more critical. We are told that thousands of farms are being abandoned because the operators cannot secure help! Men who live in town are not much use as farm hands. While there is a surplus of many commodities, yet this surplus can very easily be wiped out if there is no one to operate the farms. The army must have fighting men; the navy must have sailors; the munition factories need more men; and the farms are furnishing their best young men to lines. In spite of the finest farm machinery in the world that has been provided for the American farmer, the farm cannot operate without men who know their business.

More power to the junk dealers of America. These fellows are doing a magnificent job in the salvage campaign. No one realizes the great amount of work necessary in preparing junk for the steel mills. All of this work is being done by the junk dealers, who know their jobs. Every dealer is under the strict supervision of the government. He is getting paid for his work, but is not making an exhorbitant profit from the deal. No other group of citizens is prepared to do the work or render the service of the junk dealer.

Wendell Willkie reported to the President yesterday. He has visited most of the battle fronts in Africa and Asia, representing the President. Willkie will have some very definite recommendations for the President about his findings. After Willkie's long conference with Stalin we are at a loss to understand why the President has asked our ambassador to Russia to return home for a report on the war efforts. Can it be that the President wants independent reports from two Americans on Russian situation?

The balance of the world may have been fooled by the announcement from Berlin last Thursday, but not so with the Russians. America was cheered when Berlin announced that no further attempts would be made to take Stalingrad since the German objective had been attained. Russia did not stop fighting, and the Germans were attacking the city as furiously Friday as had ever done since the battle started about 50 days ago.

Those who know Japan, or profess to know it, say that the war lords must be wiped out before there will be any hope for peace. What about Germany? Is not the war spirit of the Germans as pronounced as that of Japan? In 1914 we saw the Kaiser attempt to whip the world; in 1939 it was Hitler who tried to enslave the world. The world will certainly become tired of unnecessary wars by the end of this war.

John L. Lewis has declared war on both the C. I. O., which he organized, as well as on AFFL. Lewis has control of the United Mine workers, and is out to rule or ruin. The antics of such fellows as Lewis is making the leadership of organized labor very distasteful to American citizens. It is now reported that Lewis is out to organize all branches of common labor under the United Mine workers.

Atrocities of war makes one shudder. The treatment of war prisoners by Germany is leading to reprisals by the United Nations. Just to be a prisoner of war is bad, but when defenseless men are subjected to the inhuman treatment that is pictured to the world, we see to what depths civilization has sunk.

Good news comes from all of the fronts of the war. This is the first time since America was drawn into the war that it might be said that our enemies have made no progress during the past week. Furthermore, they have been set back on several fronts. It is to be hoped that the United Nations are now in position to start a real offensive against our enemies.

The largest tax bill in the history of the nation is about ready to become a law. Every citizen will be made to pay his part of the war now rather than put it off until the war is over and people may not be able to pay. War does not pay. The sooner the world finds this out the better civilization will be.

As a basis for peace, the United States and England have agreed to relinquish all territorial rights in China. The Chinese have been doing a fine job of holding the Japs for six years while we have sold them oil, iron and other materials to feed their war machine.

The Japs are trying to defend themselves on seven fronts. The Japs will find this a harder job than it was to take the territory while we were unprepared and the other nations were so badly involved in Europe.

Elmer Davis, National Censor, is said to have eliminated 523 useless press reports of the government. Actually, here at The News office we have not missed any. We suggest that another 500 or more be eliminated.

Tall Team to Contiue Tall

Five Freshman Prospects Raise Chances; Coach Miller's Record Good

Those tall men of West Texas State, who breezed through the Border Conference last season without the loss of a game and in addition won contests in some of the nation's largest cities, are preparing for another campaign.

The 1942-43 roster will show fifteen names, with the shortest man 6 feet 1 inch and the tallest 6 feet 9 inches. As a squad, the Buffaloes will average 6 feet 3½ inches; as a starting lineup they can reach 6 feet 5 inches.

Tallest of the tall is Ray Ellefson, a freshman from Minneapolis, Minn. A pair of 6 foot 4-inch brothers, Boyce and Cloyce Box of Jonesboro, Texas, are among the best first year prospects. James Crews, 6 foot 4 inch sophomore, is one of the most likely successors to Price Brookfield, All-American forward who was lost by graduation. Lost also were Jack Maddox, forward; Charles Halbert, center; and Frank Stockman, all-conference guard. Veterans returning include Douglas Groom, Ledru Jacobs, and Clark Johnson, forwards; and Charles Johnson, William Stockman, and Norman Trimble, guards. Ellefson and Glynn Graden, 6 foot 5 inch youth from Dorchester, Texas, will fight it out for the center position.

Gone to the U. S. Army Air Corps is Captain Al Baggett, developer of the "Tallest Team in the World." Replacing him is W. A. (Gus) Miller, formerly of Texas Wesleyan, whose teams at Fort Worth won 101 games and lost 12.

Last year the locals won 28 games and lost two.

The freshmen include Frank Cunningham of Childress, Ivan Groening of Texline, Eugene Keating of Fort Worth, and Metz LaFollette of McKinney, some of the best freshman prospects ever seen here.

More than 50 per cent of the United States' oil is produced by Texas and surrounding states, Louisiana, Oklahoma, Arkansas and New Mexico. Texas alone produces 36 per cent of the nation's oil.

"According to the law of supply and demand—" began her husband, who liked to explain things.

"No one demands anything at a store now, dear," she interrupted; "it's the law of supply and request."

What to be scared of at 00 miles an hour

YOU need no cop but your Conscience to set your speed limit at 35 or under. It's better for your country and your car. But best of all . . . for your engine's life . . . is to double-cross Wear at 00 miles an hour.

While you decide gingerly to "let her in" after starting up cold . . . while the speedometer still is motionless . . . you risk grinding metal particles out of your engine. Or you can take steps against that by having your engine OIL-PLATED now, with your correct Conoco Nth motor oil for Winter.

OIL-PLATING is a sleek lining of lubricant that's skin-fitted to inner engine surfaces by an added modern synthetic in Conoco Nth motor oil — patented. OIL-PLATING can inter-join so closely with the metal it protects that it isn't all quickly draining down to the crankcase. That's why OIL-PLATING can wait up for you—clear up to its topmost point in your engine—all day, all night, all week . . . all the while you use Nth oil.

Sooner than you're dressed in the morning—sooner than you've locked up or clocked out at night—your Conoco Nth motor oil will already have your engine OIL-PLATED. Let any oil down in the crankcase below try getting up on the job that fast! Talk about "Safety First" . . . OIL-PLATING means safety *ahead of time!* Change now to Winter OIL-PLATING. Your Mileage Merchant's Conoco station knows your seasonal grade of Conoco Nth. Continental Oil Co.

JOIN FREE Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to drive in and have him check your tires, oil, radiator and battery. His systematic expert attention means trouble-prevention. He'll report to you in advance on lubrication and anything that he finds you need *for the duration of your car.*

Million Dollars Is in Loan Fund

West Texas' Technical Students Are Eligible To Borrow Money

Twenty thousand students attending 240 colleges and universities throughout the country are receiving assistance from the $5,000,000 loan fund set up by Congress to speed up the education of technicians for employment in the war effort. West Texas State College is among the colleges eligible for participation in this program.

About $4,000,000 has already been allotted to institutions which offer an accelerated program—that is, an academic schedule providing over a 12-month period one-third more work than in a normal school year in these fields: engineering, chemistry, physics, medicine (including veterinary), dentistry and pharmacy. The other $1,000,000 is being distributed to schools which inaugurate such a program this fall.

Chemistry students, who are often pre-medical and pre-dental students, and physics students, who are often pre-engineering students, are eligible for the opportunities afforded to borrow money on which to continue school.

To be eligible for a loan, a student must attend a degree-granting institution which is approved by the Office of Education as having an accelerated program and he must be within two years of completing his education. He must maintain a satisfactory standard of scholarship, agree to accept employment in the war effort if offered him, and be in need of assistance.

Tom Langston, secretary to the president, is in charge of the loan fund here. He reports that students who qualify may borrow tuition fees and as much as $25 a month, all of which is payable monthly. Interest, which is 2½ per cent, is compounded annually on the loan. If the student is called into war service, his note will be canceled. If he volunteers into service, the note will not be canceled but he will pay no interest or principal until he is out of the service.

Loans can be paid in any time, up to a period of four years, but they must be repaid in four equal annual installments.

For further particulars and advice, students may consult Mr. Langston in his office.

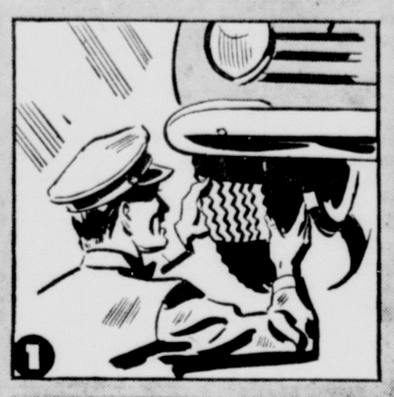
PROTECT YOUR TIRES INSIDE AND OUT
with the New
Firestone
TIRE INSPECTION
and EXTRA MILEAGE PLAN

Here's what we do



We Will Inspect and Rotate Your Tires from Wheel to Wheel and Help You Get Extra Mileage

First, we inspect each tire, removing glass, tacks and other foreign particles imbedded in the tread. The tires will then be rotated scientifically from wheel to wheel to assure more even wear. This service helps increase tire mileage.

We Will Apply Firestone Extra Mileage Tire Preservative

Next, the tread and sidewalls of each tire will be thoroughly treated with Firestone Extra Mileage Tire Preservative. This is an entirely new process that seals the cracks in the rubber and protects against oxidation. This service helps protect tire mileage.

We Will Apply Firestone Extra Mileage Puncture Seal

Finally, we apply Firestone Extra Mileage Puncture Seal to each of your inner tubes. This sensational new development automatically seals leaks and punctures caused by nails, tacks or small pieces of glass, thereby minimizing the danger of flat tires. It helps maintain correct inflation. This service assures increased tire mileage.

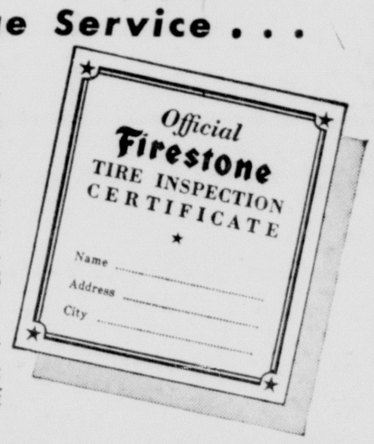
Let's Conserve Our Nation's Biggest Rubber Stockpile . . .

The Baruch Committee's Report to the President Recommends Compulsory Tire Inspection

The rubber on YOUR car is actually more precious than gold. These plans for compulsory tire inspection by an authorized agency will help protect your tires. DON'T WAIT! Firestone Dealers and Stores can give you this service now.

Come In and Get This Inspection and Extra Mileage Service . . .

We are equipped to expertly inspect the tires on your car, to inflate them properly, to switch them from wheel to wheel, to apply Firestone Extra Mileage Tire Preservative to your tires and Firestone Extra Mileage Puncture Seal to your tubes — and GIVE YOU OUR OFFICIAL CERTIFICATE OF THIS INSPECTION!



In addition, we will make it our responsibility to advise you when it is time for another inspection of your tires!

This Plan Assures You of Extra Mileage from Your Tires . . .

Whether you can buy new tires or not — you want the most miles out of the tires now on your car. And that's what our Inspection and Extra Mileage Plan give you.

Don't put off your inspection! Drive in today, have your tires inspected and GET OUR OFFICIAL FIRESTONE TIRE INSPECTION CERTIFICATE.

Special Introductory Offer

Includes Protection to Your Tires INSIDE and OUT:

1. Complete Tire Inspection and Rotate Tires from Wheel to Wheel
2. Apply Tire Preservative
3. Applv Puncture Seal

Demarius Gidden Weds Lieut. Sam A. Thomas, Jr.

Miss Demarius Gidden, daughter of Mr. and Mrs. Arthur Gidden of Plaska, and Lt. Sam A. Thomas, son of the Rev. and Mrs. Sam A. Thomas of Dalhart and formerly of Canyon and Tulia, were married Saturday, October 3, in the First Methodist Church of Colorado Springs, Colo.

The single ring ceremony was read by the Rev. Frank Mathis, pastor of the church.

Mrs. Thomas was graduated from Memphis High School in 1938. She was secretary to the Hall County Rationing Board in Estelline from the time it was instituted until she resigned to be married.

The bridegroom was graduated from Tulia High School in 1937. He received his degree from West Texas State College in 1941. He was trained as a staff officer in the Army Air Force photography unit and was given his Second Lieutenant's commission January 10 at the Army Photography School at Lowery Field, Denver, Colorado.

He was stationed at Spokane, Washington, at Gerger Field immediately after receiving his commission. He is now stationed at Colorado Springs, Colo., as a First Lieutenant.

Lieut. and Mrs. Thomas will make their home at 1923 Woodburn Avenue, Colorado Springs.

MRS. WES IZZARD TALKS TO CO-ORDINATING COUNCIL

Mrs. Wes Izzard was the speaker at the Randall County Co-ordinating Council Saturday afternoon in the Thompson Club room. She discussed the different phases of Red Cross work that each club could do. She was introduced by Mrs. C. M. Ford and Mrs. Bessie Melton.

Mrs. A. K. Knott was re-elected as secretary of the club. J. W. Shook was special guest because of his work with the local Red Cross chapter.

Edna Jo Wheeler Weds James Etter On September 3

Miss Edna Jo Wheeler, daughter of Mr. and Mrs. Van R. Wheeler of Albuquerque, New Mexico, was married September 3 to Aviation Cadet James C. Etter, son of Mrs. L. M. Atchison of Colorado Springs, Colo. The wedding took place in the study of the Riverside Baptist Church of San Antonio with the Rev. Chadervalde officiating.

Mrs. Etter is a graduate of Kirkland High School and received the B. S. Degree from West Texas State College this past summer. Mr. Etter is a graduate of Pampa High School and attended West Texas State for two years.

Cadet Etter is stationed at Kelly Field, San Antonio and Mrs. Etter is at present employed as cashier and bookkeeper at the Cinderella Shop in Lubbock.

The couple were attended by Mrs. Garth Close of San Antonio and Jack Ellison, also an Aviation Cadet, from Michigan.

MRS. P. WALTERS HOSTESS TO EDGETOWN H. D. CLUB

Mrs. Percy Walters was hostess to the members and guests of the Edgetown Home Demonstration Club Friday, Oct. 9.

Miss Frances Wilroy demonstrated how to broil beef two ways—the broiler and the pan broiling. Each member was served a portion of the delicious steak.

The club decided to make their butter exhibit next council day in the window of the City Pharmacy.

The next meeting October 23 will be with Mrs. O. M. Solomon. Election of officers will be held.

Each member is requested to bring an apron, which will be judged for originality and hand work. A prize will be given. Each member is to be prepared to tell in what way she has been benefitted by the club.

Cake with whipped cream was served to Mrs. J. M. Breitling, Mrs. O. M. Solomon, Mrs. G. I. Taylor, Mrs. D. Walker, Mrs. W. I. Wester, Mrs. J. A. Wiseman, Miss Mable Solomon and Miss Wilroy.

SUE HITE CLUB MAKES PLANS FOR RED CROSS

Plans for assisting in the Red Cross room Oct. 26 were made by the Sue Hite club Monday afternoon. The group will meet at 3:30 o'clock, and members may knit or do machine or hand work.

Mrs. Robert Jarrett, Jr., program chairman, and Mrs. Mitchell Jones discussed war problems at the meeting last Monday. Mrs. Virgil Henson spoke on international good will.

Mrs. J. H. Black and Mrs. Levi Cole were elected to membership on the library board.

Mrs. W. W. Nicklaus and Mrs. D. O. Caywood were visitors, while members attending were Mesdames J. H. Black, Cecil Briggs, Levi Cole, Virgil Henson, Olin E. Hinkle, Robert Jarrett, Jr., Herschel Jennings, W. Mitchell Jones, and A. H. Prichard.

MRS. P. V. WINSTEAD HEADS CANYON P. T. A. THIS YEAR

The Executive Committee of the High School Parent-Teachers Association held its first meeting Tuesday night for the purpose of electing officers.

Mrs. P. V. Winstead was chosen to head the group for the year. Other officers are secretary, rMs. Sanford Black; treasurer, Mrs. George Taylor; membership chairman, Mrs. Du Bois Walker; hospitality chairman, Mrs. Dewey Foster.

The first meeting of the year will be Oct. 27 at 8 o'clock in the high school auditorium. Everyone is invited, and parents of high school boys and girls are especially urged to attend.

MRS. R. A. NEBLETT HOSTESS TO FRIDAY AFTERNOON CLUB

Dahlias and marigolds decorated the home of Mrs. R. A. Neblett Friday afternoon when she entertained the Friday Afternoon Bridge Club.

A dessert course was served to Mrs. R. A. Terrill, Mrs. F. E. Savage, Mrs. C. R. Burrow and Mrs. J. J. Walker, guests; Mrs. W. C. Black, Mrs. Guy Harp, Mrs. T. H. Knighton, Mrs. Clyde W. Warwick, Mrs. C. L. Thompson, Mrs. C. H. Jarrett and Mrs. Lee Foster.

Mrs. Travis Shaw and Mrs. Dan Sanders were guests for refreshments.

MRS. ANGEL HAS AS YOU LIKE IT CLUB THURSDAY

Mrs. L. Angel was hostess to the As You Like It Club Thursday afternoon at her home 1300 Third Avenue. Fall flowers accented the tables.

A salad course was served to Mrs. W. C. Kunze, Mrs. Clyde McElroy, Mrs. J. L. Duflot, Mrs. A. W. Sternenberg, Mrs. F. E. Savage, Mrs. C. M. Presley, Mrs. Anne Wofford, Mrs. Dan K. Usery, Mrs. A. K. Knott, Mrs. Harris M. Cook, Mrs. Grayson Bell, Miss Edna Graham, Miss Irene Angel and the hostess.

Mr. and Mrs. Pat Gerald and baby of Vernon spent Sunday with Mr. and Mrs. Ed Gerald.

Canyon High School has a P.T.A.

AAUW Stresses War Service

War service will be emphasized by the local branch of the American Association of University Women during the current year, according to a decision made by the group at their first meeting Monday evening at the home of Mrs. T. B. McCarter. Dr. Hattie M. Anderson, Mrs. Lee Johnson, Mrs. Mary Sligar, and Miss Ruth Lowes were appointed war work committee and will recommend activities for the organization to sponsor.

At the Monday meeting three study groups organized for work and made tentative plans for the year. A large group interested in hearing reviews of current novels of distinction chose Mrs. McCarter as chairman. Miss Darthula Walker was selected chairman of the international relations group. Members electing to read modern dramas chose Dr. Anderson to direct their study.

Preceding the business meeting at which Miss Margaret Barrett presided, the guests were served a dainty salad course from a candlelit table where autumn colors were carried out in the refreshments and floral arrangements.

Hostesses for the social hour were members of the executive council, with Mrs. McCarter and Mrs. A. K. Knott serving as chairmen of arrangements.

In addition to those named, the following members were present: Mrs. Earline Moreman, Mrs. Spencer Whippo, Mrs. W. F. Haggard, Mrs. D. F. Sanders, Mrs. Jack Taylor, Mrs. Winfield Miller, Mrs. Seth Fessenden, Mrs. J. B. Speer, Mrs. K. L. Kirkland, Mrs. Felix Neff, Mrs. Herschel Jennings, Mrs. A. K. Goodman, Mrs. C. N. Cochran, Mrs. Jack Jouette, Mrs. Charles Harter; and Miss Linnie Babston, Miss Sarah Thompson, Miss Novella Goodman, Miss Mary Lee Cooper, Miss Fannie Malone, Miss Hellen Hickman, Miss Florence McMurtry, Miss Lee Una Sullivan, Miss Mattie Swayne, Miss Mildred Teitz, Miss Adele Barnes, Miss Tennessee Malone, Miss Anna I. Hibbets, Miss Edna Graham, Miss Maude Cuenod, Miss Martha L. Palm, Miss Ima C. Barlow, Miss Beryl Hixson, Miss Florence McMurray, Miss Marie Fronabarger, Miss Marion Miller, Miss Ruth Stapleton, Miss Louise Manigault, Miss Grace M. Clark, Miss Jean Moore, Miss Albessa Stephenson, Miss Bertie May Williams, and Miss Elizabeth Cox.

MRS. C. M. PRESLEY IS HOSTESS TO PRISCILLA CLUB

Mrs. C. M. Presley was hostess to the Priscilla club last Wednesday afternoon. The afternoon was spent in doing needlework.

A dessert course was served to Mrs. J. J. Walker, Mrs. I. F. SoRelle, Mrs. S. B. Loudder, Mrs. Hud Prichard, Mrs. G. A. Farlow, Mrs. E. Brown, Mrs. Alfred Bellah, Mrs. Frank Hicks, Mrs. Virgil Henson, Mrs. Clyde McElroy and Mrs. J. Madison Daugherty.

SOCIAL PIONEER CLUB TO MEET THURSDAY

The Social Pioneer Club will meet next Thursday, October 22, at 2:30 o'clock in the home of Mrs. E. D. Harrell.

Help Keep Canyon Clean!

MRS. STEEN ENTERTAINS ROSE WALKER CIRCLE

Mrs. I. W. Steen entertained the Rose Walker Circle of the Baptist Church Tuesday afternoon at her home.

The program was opened with group singing which was followed by a prayer by Mrs. Emma Dodson. The devotional was found in Roman 7th Chapter.

Several members reported on articles from the Baptist Standard, after which Zacharah 14th Chapter was read. A prayer was given for the boys in service by Mrs. Minnie Laughery.

A cash offering was given for the Wayland kitchen at Plainview.

Refreshments of cocoa and cookies were served to Mrs. E. B. Anthony, Mrs. T. T. Fain, Mrs. J. C. Dowd, Mrs. G. B. Combs, Mrs. J. W. McCrerey, Mrs. Dodson, Mrs. Tom Ziegler, Mrs. Visage of Portales, N. M., Mrs. Baker of Happy and Mrs. Lindsey.

LAS SENORAS NUEVAS CLUB MET WITH MRS. JONES

Mrs. Mitchell Jones entertained the Las Senoras Nuevas Club at her home Wednesday afternoon. The tables were decorated with lovely fall flowers.

High score was Mrs. Hud Prichard while low score winner was Mrs. Al Williams.

Refreshments were served to Mrs. Owen Williams, Mrs. Delbert Lowes, Mrs. Prichard, Mrs. R. P. Jarrett, Jr., Mrs. J. Madison Daugherty, Mrs. Williams, Mrs. Archie MacAlpin and the hostess.

GIRLS AUXILIARY MET WITH MRS. B. HARDIN MONDAY

The Intermediate Girls Auxiliary met Monday afternoon, Oct. 12 with Mrs. Broughton Hardin.

Refreshments were served to Johnnie Marie Ford, Billye Gill, Martha Hammond, Zorene Oldham, Dottieve Boling, Pauline Ruthart and the hostess.

Mrs. J. W. Thompson of Sherman, Texas is visiting Mrs. C. L. Neil this week.

Mrs. Grant White of Dumas spent the week-end in the parental G. B. Bourland home.

Miss Zudie Bible of Dumas spent the week-end in Canyon.

Sgt. Billy Black of Las Vegas, N. M., spent Thursday through Sunday with his mother.

Miss Edrie McNeil of Wayside spent the week-end with Mr. and Mrs. A. W. Sternenberg.

An angler said to a friend: "Yes, the fish I caught was too small to fool with, so I got a couple of men to help me throw it back into the water.

The town pessimist says that some people think it is bad luck to postpone a wedding, but he thinks it is quite lucky if you can keep on postponing it.

What has become of all the disaster that was to befall this country when the national debt got three-quarters of its present size?

What astonished him was that cats should have two holes cut in their coats exactly at the places where their eyes were.—G. C. Lichtenberg.

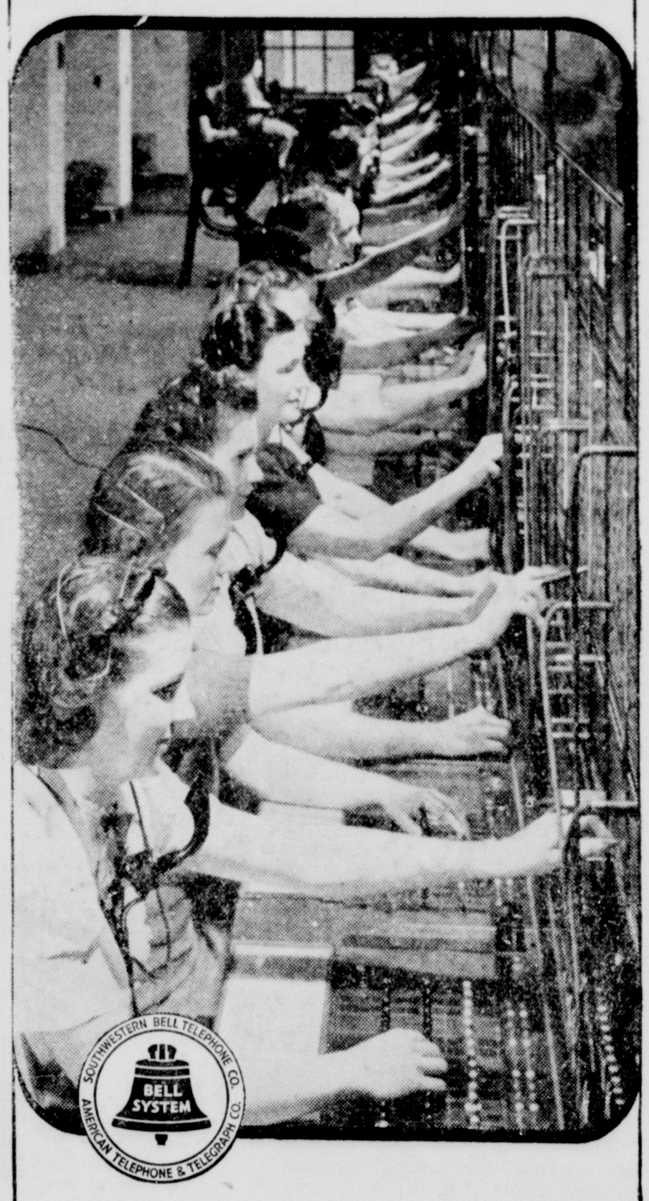
WARREN'S

CROWDED WITH THE CALLS OF WAR



It's true we usually can put through quickly your long distance telephone calls to towns near-by. But when you send your voice to far cities, it may travel on lines jammed to the limit with calls that help move troops, make planes, build tanks.

We can't put up more lines, because most of the metal has gone to war. So please help us in a vital job. Make as few calls as possible to war centers or cities far away, and please plan to keep such calls short. It will help clear the way for the calls of war.

SOUTHWESTERN BELL TELEPHONE CO.

Buffs Defeated Flying School Here Friday

Led by Ed Castleberry, Le Roy Reeves, and J. P. McMahan, the West Texas State Buffaloes traveled through the air and around ends to outscore the Flying Kellys of Albuquerque Air Base, 18 to 13, on Friday night.

Spectacular were the passes of Reeves, a freshman from Childress. McMahan and Castleberry literally outran their opponents on many long gains. Reeves also showed great possibilities as a runner and a kicker.

The Kellys kicked off to Mack Winter, safety man, who returned the ball to the 32-yard line. The Buffs drove on but were stopped on a fumble. From here Sparks, former T. C. U. star, Keough and Boblett led the Kellys to pay dirt. Keough scored. Maddox's try for conversion was low.

Reeves received the kickoff and returned to the 35. Passes to Emler and Anderson carried the ball to the 36-yard marker, where the Buffaloes were forced to kick. Reeves kicked to the coffin corner and the ball rested on the 5-yard stripe. Boblett punted back to the 41, where the Buffs began their first touchdown drive.

Anderson caught a long pass from Reeves and was not stopped until he reached the 8. Reeves went over end to the 2, and scored on the next play, an end run. Johnny Thomas, co-captain tried for the extra point but failed.

Castleberry Scores

Leslie Curb kicked off for the Millermen, to the 35, where Johnson tried two runs with no gain. Boblett kicked to the 25, where McMahan was waiting to return the ball for eleven yards. From here the line opened up a hole and fleet Eddie Castleberry scampered thru for the second West Texas score. The attempted conversion by Thomas was blocked.

Curb again kicked to the 25, and Keough returned the ball to the 32. After four downs the Flyers were stopped and the Buffs started a drive on the 30 that was stopped on the Kellys' 14 by Boblett, who intercepted one of Reeves passes. The ball changed hands with little gain for either team as the first quarter ended with the score 12 to 6.

Reeves took the ball on the 30 and a fierce drive was stopped when Curtis Kelley fumbled. McMahan carried for the Buffs after Sparks and Boblett were stopped. Castleberry slipped through to the 9 in a series of plays but a holding penalty returned the ball to the 24, where the Flyers took over with Sparks, Johnson and Boblett again leading the attack.

Deadlock Develops

The Buffs got the ball on the 20 and Castleberry, McMahan, Anderson, and Reeves were not stopped until they reached the Albuquerque 23-yard marker. A series of plays by Boblett resulted in no gain and the Buffs and Flyers see-sawed back and forth until half time.

When Curb opened the half by kicking to the 15, Johnson and Maddox returned to the 38 and Bobblett and Maddox gained to the Buffs 33. McMahan and Castleberry made enough for a first down but were stopped on the next plays. Bobblett then filled the air with passes until Anderson pulled one down to give the Buffs the ball on their 38. McMahan was stopped on the first play, and he fumbled on the next one.

Taking over the Kellys started a drive with Boblett, Keough and Sparks charging to the 2 yard marker, where the Buffs held for four downs. Anderson carried the ball to the five for the Buffs and Reeves then punted to the 30. Boblett and Johnson led the Bombadiers to the 20, where they met the strong opposition of the Buff line. Castleberry gained to the 30 as the third quarter ended with the score still 12 to 6.

McMahan, Castleberry and Reeves made short gains but Reeves was forced to punt. The visitors failed to advance. Reeves started the last rally for the Buffs with a short gain. McMahan went through the line to the 33 and Reeves went around end for 7 more. McMahan carried the drive to the 10-yard marker in two tries and Reeves made it to the 2. Winter crossed into the promised land from the 2 but Anderson's try for conversion was no good.

Fumbles Are Frequent

Thomas kicked off to the 35 and Boblett returned to the 30. He fumbled on the next play and Kelley recovered for the Buffaloes. Reeves fumbled for the Buffs on the line of scrimmage, but the Buffs recovered. Johnson intercepted Reeves' pass on the 37 and Boblett made 7 yards on the next play. Boblett was forced to kick and booted one to the 20 Kelley made 5 yards. Kelley made 2 yards more but Reeves kicked to the 43 and Boblett returned to the 38.

As time drew short, the Flyers threw pass after pass in a vain effort to score. Word intercepted Johnson's pass on the 25 and made 7. Kelley and Castleberry were stopped short of ten yards and the Kellymen, led by Keough, Malphurs and Johnson, started a goal march via air. They were stopped on downs on the 39 and Flowers returned to the 42 for the Buffs. Kirkpatrick and Reeves made short gains but the Fliers blocked a quick kick on the 46 and Reese Hill was pulled down on the one-foot line. Gann went over for the last score of the game. Malphurs went around end for the extra point, which made the score 18 to 13 in favor of the Buffs.

The starting line-ups:

West Texas	Air Base
LE—Curb	Bennett
LT—Thomas	Gasparovich
LG—Rampley	Mathis
C—White	Morris
RG—Forbus	Bognar
RT—Love	Dungan
RE—Emler	Marshall
QB—Anderson	Boblett
RH—Castleberry	Keough
LH—Winter	Maddox
FB—McMahan	Sparks

J. M. Hart and Mrs. Curtis Lowes of Grover and Mr. and Mrs. Clyde Barker of Wichita Falls spent the week end with Mr. and Mrs. G. B. Combs. Mrs. Barker remained until Tuesday.

Mrs. L. L. Gore was in Clarendon last week end to attend the funeral of her sister, Mrs. Eula Cox. Mrs. Gore visited with relatives in Canadian Sunday.

Miss Elaine Blewitt left yesterday for Washington, D. C., to take a position. She will be in the home of her uncle, Virgil Gore.

Smoking and Gunning the Nazis Out

Red army infantrymen, heedless of enemy fire, rush to surround a burning building in one of their villages, which was occupied by the Nazis (top photo). The Russians are re-capturing many villages, and long lines of captured Nazi soldiers are being marched away under watchful armed guards (bottom photo). Nazis are gaining ground in Russia, but only at terrific cost in men and equipment.

Rev. Al Dorsett In Farewell Talk to the Canyon Rotary Club

Rev. Al Dorsett talked at the Rotary Club luncheon Tuesday noon, leaving immediately afterward for his new pastorate in Houston. Mr. Dorsett has been pastor of the local Presbyterian Church for the past five years.

His talk was in the nature of a classification talk regarding the work of a minister. He drew illustrations from his varied experiences. People have queer ideas about ministers, stated the speaker. A minister does not wish to be favored, or patronized, but to be treated like other men of the community. As a result, Mr. Dorsett expressed dissatisfaction at classification under Selective Service. Ministers should not be given a special classification.

No two ministers have the same experience when it comes to making a decision to enter this work. He related the various kinds of experiences he had found among ministers. So far as he is concerned, he could not remember when he was not definitely determined to dedicate his life to the ministry.

Some folks think that all a minister has to do is preach on Sunday. Mr. Dorsett related the every day experiences of a pastor, and the various services which he is called upon to perform. Sunday services will not be a success unless a vast amount of work is done during the week.

Many humorous and pathetic experiences were related by the speaker from the situations he had met during his 7 years in the ministry.

The crowning thrill that every minister receives is the realization that he has led some soul to Christ.

Visitors were: Jack Churchill of Hereford; John McCarty of Amarillo; Mitchell Jones and Tom Langston of Canyon.

Palo Duro News

Dinner guests in the Henry F. Miller home Sunday were Mr. and Mrs. Elmer Deeke, Mr. and Mrs. Bob Bruce, Jr., J. Douglas and Roger Lee, and Misses Clara and Martha Miller all of Amarillo.

Pvt. Herbert Kuhlman, who is now stationed at the flying field at Dalhart spent the week-end in the parental Herman Kuhlman home.

Miss Pauline Wendelken and Wilbert spent Sunday in Amarillo.

Mr. and Mrs. G. H. Leseberg and Gladys were dinner guests in the home of Mrs. Alvina Leseberg.

Mr. and Mrs. Paul White and children spent Sunday evening with Mr. and Mrs. Pearl Harding and family.

Miss Helen Schuette of Amarillo spent Sunday with her parents, Mr. and Mrs. Fred Schuette.

Mr. and Mrs. Arthur Albers and children of Hartley spent Sunday afternoon in the E. A. Michael home.

Mrs. Raymond Tucek and Mrs. George Albers spent Tuesday afternoon in the Henry F. Miller home.

Mr. and Mrs. N. E. Root visited in the E. A. Michael home Tuesday evening.

Mrs. Branch T. Archer, Jr. of Lockney is visiting with her parents, Mr. and Mrs. L. S. Baker, while her school is adjourned for cotton picking.

Mr. and Mrs. G. R. Stratton and Mrs. Lewis Roberts and daughter visited in the C. H. Stratton home last Saturday.

Come to the Canyon high school P. T. A. at 8 o'clock, Tuesday night, Oct. 27.

Salvage Supplements Bond Drive

Students Boost Defense Sales

First Drive Brings $415 Supervised by Speer

In addition to the junk campaign, Superintendent J. B. Speer, assisted by Ermin Winningham and Polly Winstead, started the Defense Bond and Stamp sales in Canyon High School last Monday morning.

Total sales for the day amounted to $415.25, which included both the sales of the Stamps and Bonds.

Students Buy Bonds

Three students, Jimmy Dietz, Betty Ann Simon and Robert Avent, purchased Baby War Bonds, while Martha Jean Dowd and Bobbie Dowd completed their stamp books and transferred them into Bonds. Faculty members bought Bonds to boost the sales.

Completing their project, the Future Farmers of America purchased six $25 Bonds, the money to be used in case of emergencies.

Sales Are on Mondays

These sales are to take place every Monday morning between 9:30 and 10 o'clock, and in the afternoon at 3 o'clock and students may buy either 10-cent or 25-cent Stamps. If they wish, Mr. Speer will keep the buyers' books locked in his safe and the pupils may take them any time.

"I think the students showed excellent enthusiasm in the Bond sale, and I feel that the effort was well worth our time," commented Mr. Speer.

Grades Build Home Defense

Grade School Answers Morgenthau's Challenge

"War is costly but freedom is priceless. To deserve freedom, we must fight to keep it. Freedom is a thousand times worth all the money, all the effort, all the sacrifices that we must put into the struggle to win it.

"I know that the United States can count on its 30,000,000 young Americans, to whom an unshackled future is particularly important, to enlist 100 per cent in our fight for freedom—by buying War Savings Stamps and Bonds whenever they can and by doing other things that a boy or girl can do to speed the day of Victory.

"By participating fully in this SCHOOLS AT WAR Program, they can tell the world: 'WE ARE READY—ready for war, ready for victory and ready for peace.'"—Henry Morgenthau, Jr.

Canyon Is Tired of Jap Treachery

Students Here Donated 100,000 Pounds to This City Pile

Survey Discloses School Interest

Grade Students Salvage Several Tons of Scrap

In response to Uncle Sam's urgent call for scrap, Canyon Public Schools have turned out in a big way. With the aid of their families, students have collected over 100,000 pounds of scrap since the present campaign began.

Students Exceed Quota

Superintendent J. B. Speer asserts, "Although Canyon Public Schools have no definite quota, if each student brings 20 pounds of scrap, we will more than equal what is being done in other sections of the country."

A survey of the Canyon High School students discloses that they have already gathered almost ten times that amount.

Red Wagons Are Common

Miss Elva Fronabarger, principal of the grade school, reported, "Grade school pupils salvaged over two tons of scrap in four days. I believe they have done exceptionally well for that period of time, and I am sure they will continue to bring in scrap as long as it is necessary."

Almost every day scores of little red wagons filled with scrap may be seen in tow of small students headed for school. Even youngsters having their first year of schooling are doing their bit to help this country.

Students Deliver Scrap to Dealers

Nearly all of the high school students prefer to deliver their scrap directly to the Consumers Fuel Association or to junk collectors in Amarillo. Because of these students Uncle Sam has almost 50 tons more scrap to hurl at the Axis scrap collectors.

Junk dealers explain that cast iron brings the best price but that all forms of steel are badly needed. Everything that is metal, ranging from old tractors to metal toys, is acceptable.

Students Uphold Class Meetings

Eleven Pupils Are Elected As Congress Delegates

Six classes of Canyon High School occupied their class meeting period last Friday in making preparations for the future.

Meeting in Mrs. Guy B. Tabor's room, the Senior Class, under the guidance of Prexy Louis Hinders, discussed the senior gift. It was then announced that the senior pictures would be taken within the next month, because Patsy Britain, photographer, is leaving soon for the marines.

Shirley Harrell was elected as delegate to the Student-Faculty Congress.

Juniors Elect Play Committee

A Junior Class election was held to form a committee to help Mrs. James Jennings, sponsor, select a Junior Play. On the committee are Merle Dickerson, Molly Nan Ziegler, Helen Jo Cox, Manis Read Foster and Bobbie Dowd.

Helen Jo and Manis Read were also elected as delegates to the Student-Faculty Congress.

Sullivan Elected Sponsor

Under the leadership of President Sandy Oliver, the Sophomore Class elected Miss Rhita Sullivan sponsor.

J. Spencer Winn and Margaret Lair were elected as Student-Faculty Congress delegates.

Fawn Rogers, freshman president, directed the class meeting in which Johnny Francis Wallen and Doris Ruth Meadows were chosen as Student-Faculty Congress representatives.

Braudt Replaces Whiteside

Eighth graders elected Mrs. Corrah Lee Braudt as their sponsor to replace Miss Helen Whiteside, who had formerly been elected freshman sponsor.

James Guthrie and Charles Lee Evans were elected as Student-Faculty Congress delegates with Francis Gooch and Billy Ray Stewart as alternates.

Mrs. J. W. Kleinschmidt was elected sponsor for the seventh grade. Harry Campfield was elected dogcatcher.

Billye Gill and Easton Wall tied for the office of treasurer.

"Scents of the times" practically knocked the amateurs in the chemistry laboratory off their perches last Wednesday when the groups tried their skills at producing sulphur and carbon dioxide. It's a good thing Wayne Smith had on glasses because melted sulphur doesn't exactly stimulate the eyes.

Next time, don't generate so much steam, Martha Hannah Hammond, and maybe the stopper will stay in its socket better. (Well maybe it WAS just the excess oxygen.)

Since when has the alphabet changed in letters for initials? Maybe J. Spencer Winn accidentally got his wires crossed last week when he wore a sweetheart bracelet engraved with S. A. M. By the way, did you forget to wear your arm charm every day last week, Sue Ann Morman?

Canyon High seems to be playing host to its former faculty members. Miss Virginia King's Monday visit recalled her days as commercial teacher.

Lawrence Brotherton, former coach and principal who is now serving in that capacity in the Dumas schools, also stopped by to see the place. Come again!

Guess Who

I think that I shall never see
A girl any wittier than is she;
Though very small around the waist,
She gets around with the greatest haste.
A yeller and a leader too,
This dame a senior in Canyon High School.
Features are written by girls like she:
If you can guess her, please tell me!

Anyone owning a large share in a rich bank should start using a "swear box." It might help.

THE EAGLE'S EYE

Everyone in high school seems to find time for the comics, even though he is usually just too busy to survey briefly the front-page news of the day.

There's no doubt that Hitler is the biggest menace to civilization today, but he has a competitor in the ever-growing popularity of tobacco's degenerating nicotine.

If folks wish to inhale the unbeneficial stuff in peace time, it is frankly their own business. But in war-time, the money foolishly spent on Kay Kyser's sponsor should be invested in War Bonds.

Especially should high school students eliminate this harmful "luxury" from their lives.

It's surprising to see how much scrap there IS around the house. A great deal has already been gathered, but there is still a lot of unemployed junk slacking its duty in obscure corners of every home.

Wasn't it Christopher Morley who said high heels were invented by the woman who was kissed on the forehead?

School Organizes Student Council

To organize at as early a date as possible is the reason the classes elected members for the Student-Faculty Congress in class meetings Friday morning.

Student-faculty members will meet some time in the near future to decide upon officer candidates and to organize completely," reported Superintendent J. B. Speer, director of the organization.

Two names for each office shall be nominated in Congress; any other senior or junior, boy or girl, may be nominated by the student body, providing the nominee has the same qualifications as regularly elected delegates. The Congress acts only as a nominating committee for president and vice-president according to the Constitution of the Student-Faculty Congress.

Speer Designates Assistants

Wow! Summer Months Fly Bringing Teachers to Nest

"Off, again
On, again
Going again
Flanigan."

Thus, the summer months for the public school faculty ended. And did they welcome the old school as they made plans for the coming busy year!

As in what locality each member twiddled away three months of his time it is hard to say; but it was "grape-vined" that Mrs. Marion Bishir, who visited in Denver, and Mrs. R. E. Harter, who spent the summer in Berkeley, California, ventured farthest from their doorsteps in Canyon. Each was glad to get back home, too!

Walsh Makes History

Mrs. A. L. Walsh made history when she rode all the way from Hereford to Canyon on the bus and it was the first time she had ever ridden one, believe-it-or-not!

Of course there were a few members of the faculty who went to school "just to see how much they didn't know (?)" such as Superintendent J. B. Speer who studied six weeks at the University of Texas, while Miss Mary Roberts, Miss Sarah Thompson and Mrs. J. W. Kleinschmidt attended West Texas State College.

Four Teachers Employed

In every crowd there are a few industrious ones and Miss Rhita Sullivan proved herself diligent, when she supervised a housekeeping aid project in Pampa; Miss Mildred Cole, who held a bookkeeping job, also spent an active summer.

Aiding the lumps, Miss Helen Whiteside assisted the Sugar Rationing Board in Canyon as did Milton Sanders, who donned a pair of overalls and crushed the lumps of soil to aid the farm production.

Several Stay at Home

Don't forget Miss Grace Clark, Mrs. Guy B. Tabor, Mrs. John Davis, Mrs. Roscoe Davis, Mrs. L. M. Cousins, Mrs. Stella Murrell and Miss Florence McMurray, who kept the home fires burning, visited, canned, painted, slept and really enjoyed a good vacation in and about Canyon.

Last, and least (only in height), Miss Elva Fronabarger lounged about as did the other patriotic faculty members; and one may rest assured that they each sighed, "East, West, HOME is BEST."

Board Completes School Faculty

Mrs. Corrah Lee Braudt and Miss Myrtle Hall are the new members of Canyon Public School faculty.

For the past 12 years Mrs. Braudt, who has B. A. and M. A. degrees, has been teaching in Shamrock High School. She will continue teaching the English classes in which she has been substituting.

Miss Hall, who holds a B. A. degree, will teach the fifth and sixth grade social studies. In Clarendon, where she has been for the past five years, she taught the sixth grade.

New Executives Are Announced

Members of the Elementary Parent-Teachers Association filled vacancies in the executive board at the first officers' meeting Wednesday, October 7.

The following officers were elected to fulfill the various positions for the coming year: President, Mrs. Ray McReynolds; vice-president, Mrs. Harris M. Cook; secretary, Mrs. Ross Craig; treasurer, Mrs. R. E. Harter; publicity chairman, Mrs. Stella Murrell; finance chairman, Mrs. Worth Jennings; and study club chairman, Mrs. Dewey Foster.

No definite time or place for the first regular meeting has been set, but this will probably be announced soon.

Officials Proclaim Education Week

Boys and girls now in school will grow to be free men and women in a free nation and a free world, thus signifying the timely theme, "Education for Free Men" for the observance of American Education Week, November 8-14.

Lyle W. Ashby, assistant director, Division of Publications of the National Education Association of the United States, urges the doors of all school houses to be open during this Education Week.

Superintendent J. B. Speer, registrar, Mrs. Guy B. Tabor and grade principal, Miss Elva Fronabarger wish to assure the people of this community that each has a special invitation to come and see what is being done in the schools, because the present school children will be the future leaders.

Faculty Acquires New Obligations

Teachers Assume Duties To Help for Duration

To assist Superintendent J. B. Speer in his duties as head of the different school activities will be five advisors.

Miss Rhita Sullivan, homemaking instructor, who will serve as advisor of the Red Cross and School War Program, will be in charge of the Junior Red Cross memberships and anything that pertains to the war program.

Miss Helen Whiteside will be director of visual education. She is organizing a library of bulletins, pamphlets, and information on motion pictures. Miss Whiteside will order films at teachers' requests to aid their study.

Mrs. C. E. McDonald will direct the sale of War Stamps and Bonds. Polly Winstead and Shirley Harrell will sell the Stamps and Bonds on Monday mornings between 9:30 and 10 and from 3 to 4 o'clock in the afternoon. "We sold $415.25 worth of Stamps and Bonds the first day," commented Mr. Speer.

The assembly program during the year will be given by the classes and different organizations in the school. However, Miss Mary Roberts will oversee the programs.

Miss Grace Clark assumes responsibilities as advisor of the honor societies. Plans for organization and procedure have not been perfected as yet.

Chapter Perfects Initiation Plans

Having elected their officers and completed plans for the year, the homemaking girls will have for their next meeting the initiation ceremony for new members.

Supervised by Martha Jean Dowd, retiring president, and Georgia Faye Holt, her successor, the candlelight service will stress the following ideals of the club: Courtesy, cooperation, health, knowledge, achievements, service and the art of becoming acquainted.

New officers who will take the lead this year are: President, Georgia Faye Holt; vice-president, Ellen Sanders; corresponding secretary, Martha Hammond; recording secretary, Margaret Lair; treasurer, Barbara Michael; reporter, Martha Jean Dowd.

Social chairman, Polly Winstead; social service chairman, Mary Campfield; nutrition chairman, Carolyn Black; scrapbook chairman, Evelyn Black; yearbook chairman, Vergie Haines; pianist, Anita Davis; and song leader, Shirley Harrell.

New Scholarship Being Raised

Graduate Club Seeking $100—College Has Given Total of 151 M. A. Degrees

A graduate scholarship fund started last summer will be completed by the end of this semester if present plans materialize.

The scholarship is a project of the Graduate Club. According to Dr. A. M. Meyer, graduate dean, the goal is $100. This will be made available to one or more graduate students next semester. At present there is a total of $64.50 in the fund.

Contributions are being sought from graduate students and the 151 persons who have received M. A. degrees at West Texas State. Donors include:

Ruth Ansley, Amarillo; Josie and Delila Baird, Rotan; Lurline Bowman, Dallas; Mary K. Campbell, Amarillo; Eunice Castleman, Amarillo; W. Leo Cooper, Eagle Pass; Violet Davidson, Amarillo; Esther Dellis, Amarillo; Nell Green, Canyon; A. E. Hunt, Portales, N. M.; M. G. Hunt, Portales, N. M.; Allison Hutto, Claude; Ethel Jackson, Amarillo; Lilly Larsen, Amarillo; Mrs. Mary K. Martin, Amarillo; Dr. A. M. Meyer, Canyon; Sarah Miller, Amarillo; Mrs. Kathryn Morris, Canyon; J. W. Peeples, Allison.

A. C. Pruett, Portales, N. M.; J. W. Reid, Dumas; Vertreice Roberts, Amarillo; Madeline Robinson, Amarillo; Mrs. Lois Saxton, Melrose, N. M; Beulah Sheridan, Amarillo; Law Sone, Fort Worth; Mrs. J. B. Speer, Canyon; Albessa Stephenson, Canyon; Lilia Thornburg, Canyon; Carmen Ulm, Amarillo; Virginia Vaughan, Pampa.

Pleasantview

Mrs. Frank Brown returned home this week from Las Cruces, N. M., where she had been visiting with her son, Allen Brown.

Mr. and Mrs. Harold Wall and baby, Lohn, spent Sunday in the Joe Crowley home. Cpl. and Mrs. Joe Grady Crowley were visiting with them during his furlough from the army. He is stationed at Fort Bliss.

Joe Currie and sons, Duyne and Golden, were in Amarillo Saturday on business.

Mr. and Mrs. Milton Dooley and daughters, Viola, Iris and Ava, were in Amarillo Sunday on business.

Mr. and Mrs. Roy Wall and family visited in the Claude Foster home Sunday.

Campus Trouble-Shooter, Also Bus Driver

TOM NEWTON

A man behind many campus scenes at West Texas State is Tom Newton. Tom has been employed by the college two years and two months. His knowledge about many different things compares favorably with that of any other man on the campus. His duties require that he know where every water main and sewer line are located, as well as the network of electric wiring.

Tom is a trouble shooter. When the water lines or sewer lines become stopped at Cousins or Randall, the matrons put in a call for Tom, and he comes "a-running." When Mesquite or Cactus need a new coat of paint, or the floors sanded and re-finished, Tom is called, and the job is done quickly and efficiently. Carpentry work is just another thing in Tom's life. He has just completed re-modeling of Terrill Hall, and a fine job he did of it.

All of Tom's work is not done here on the campus. He drives one of the college trucks, and when the Athletic Department needs a bus driver, Tom is the man.

Tom has moved his work shop from the Power House to the N. Y. A. work shop. Electric band saws, welding equipment, metal work and carpenter tools are housed in this unique rock garage. Tom made the window casings for the science building in this shop.

Tom is married and has one little girl.

When things are not working like they should, tell it to Tom.

There was either oil production or active leasing and drilling in all but three counties in Texas in 1940.

Check This WAR Investment NOW!

Now, when the emphasis is upon conservation you should check your house for needed repairs. Catch those little "ailments" . . . before they grow, become a real expense. We are ready to help you with expert advice and service. Call us today . . . invest a little **now**, save much later.

Pay Your Taxes Early and Save Discount

The Commissioners Court of Randall County has authorized the Tax Collector to give the discount on all taxes as provided by the recent legislature as follows:

3 per cent if paid during October, 1942
2 per cent if paid during November, 1942
1 per cent if paid during December, 1942

This discount is on all State and County taxes that are collected by the County Tax Collector and also applies to all school taxes collected at this office.

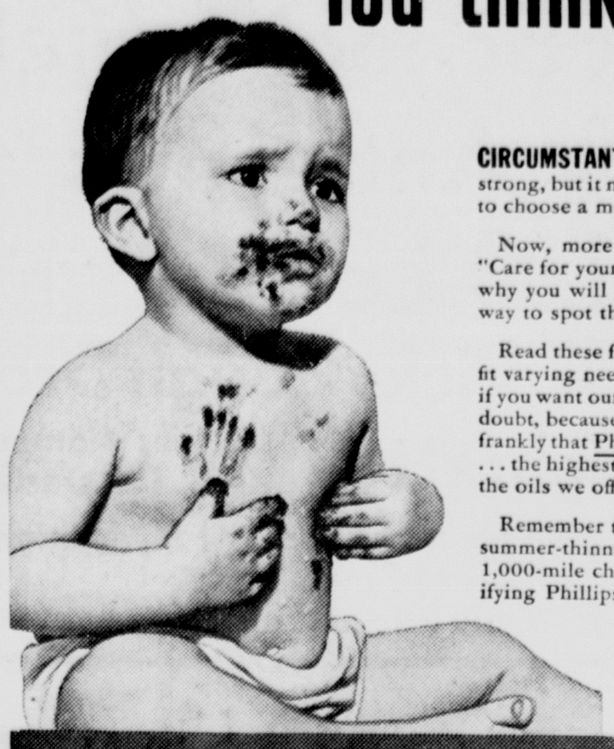
You think I ate the jam!



CIRCUMSTANTIAL EVIDENCE can sometimes be very strong, but it may be full of flaws when you are trying to choose a motor oil for your automobile.

Now, more than ever, you want a *quality* oil to "Care for your car . . . for your country." And that is why you will be glad to know that there is an easy way to spot the genuine article.

Read these facts: Phillips offers a number of oils to fit varying needs, preferences, and pocketbooks. But if you want our *best* oil, you need have no hesitation or doubt, because Phillips speaks out plainly. Tells you frankly that Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer to car-owners like yourself.

Remember this helpful tip when you are replacing summer-thinned lubricant, or making your regular 1,000-mile change. Get the genuine article by specifying Phillips 66 Motor Oil.

IT'S PHILLIPS FINEST QUALITY

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of October 18, 1917)

Guy C. Henson, son of Judge A. N. Henson, was drown in the Rio Grande. He had enlisted in the army 6 months ago.

Harry Word is near death at the Clarendon Hospital as the result of being crushed when his horse fell on him at the ranch while cutting cattle. (Harry has been an invalid ever since this accident).

C. O. Keiser and Judge C. T. Word won many top prizes with their Herefords in the Panhandle State Fair at Amarillo.

D. A. Park was appointed County Food Administrator by National Food Administrator Herbert Hoover.

The first county wide bond election for roads will be held Nov. 24. It is proposed to issue $50,000 in 5½% bonds.

Marion Bishir writes to J. A. Guthrie from San Antonio where he is in camp that the rumor is the army is going to solve the submarine menace by draining the Atlantic and chasing the subs down with Fords.

Miss Pauline Brigham of the University of South Dakota has become piano teacher in the normal.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912 AND MARCH 3, 1933.

Of The Canyon News, published at Canyon, Texas, County of Randall:

Before me, a Notary Public, in and for the State and county aforesaid, personally appeared Clyde W. Warwick, who, having been duly sworn, according to law, deposes and says that he is the owner of The Canyon News, and that the following is, to the best of his knowledge and belief, a true statement, etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager are: Publsher, Editor, Managing Editor, Business Manager, Clyde W. Warwick, Canyon, Texas.

2. That the owner is: Clyde W. Warwick, Canyon, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, are: NONE.

CLYDE W. WARWICK.

Sworn and subscribed before me this 1st day of October, 1942.

(Seal) DAN K. USERY.
Notary Public.

(My commission expires June 30, 1943.)

IF YOUR NOSE "CLOSES UP" TONIGHT

3-PURPOSE MEDICINE

Here's mighty good news . . . If your nose "closes up" tonight and makes breathing difficult, put 3-purpose Vicks Va-tro-nol up each nostril.

Va-tro-nol does 3 important things. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion. It brings more comfort, makes breathing easier, thus invites sleep . . . *And remember*, it helps prevent many colds developing if used in time. Follow directions in folder.

VICKS VA-TRO-NOL

Calling 4 States —Not Represented In Museum Rolls

The states involved don't know it, but the Panhandle-Plains Museum here has had no visitors this year from Maine, New Hampshire, Rhode Island, and Vermont. Every other state has been represented in the registration.

But now that war plant workers are coming into this section from all parts of the country, Assistant Curator Boone McClure hopes that his chart of states may soon be filled. Through September, a total of 21,743 visitors registered at the museum—a figure which shows only a small decline from normal.

August was the month of heaviest registration with 3,690 visitors. There were 3,196 in July and 2,486 in September. Texas has furnished 19,178 registrants. Other states well represented included Oklahoma with 603, New Mexico with 388, California with 173, Kansas with 130, Missouri with 114, and Colorado with 112. Visitors from foreign countries have totaled 28 so far this year.

Johnson Items

Mr. and Mrs. Jack Glenn and Ronald spent Saturday night in the E. J. Bauer home.

Saturday business callers in Amarillo were Mr. and Mrs. I. L. Bauer and family and Mrs. E. J. Bauer and Thelma.

Bobby Lyons and Gerald Glenn of Canyon spent Sunday with Elmer Bauer, Jr.

Mrs. Philip Rickwartz and daughters are visiting in the C. W. Bauer home.

Mrs. Fred Bauer and J. J. Bauer were business callers in Canyon Saturday.

Mrs. L. F. Spiser and Lula were attending to business in Amarillo Thursday.

Mr. and Mrs. E. J. Bauer and family and Mr. and Mrs. Jack Glenn and son were Sunday guests in the Albert Dietrich home near Tulia.

"They say Jones is unsociable, but I never heard of his quarreling with anyone."

"Oh well, it takes two to make a quarrel, you know; and that's one too many for Jones."

Wife: "Weren't you a little drunk last night, dear?"

Hubby: "Drunk? Why I—"

Wife: "Anyway, you lay on the floor and kept repeating, 'I'll climb this wall if it takes me all night.'"

Paint Farm to be Model Work Over the Nation

So beneficial have been the results of the "paint farm" of the Dupont Company north of Canyon on the College Farm, that additional testing grounds are being established in various parts of the nation.

Paint is not "raised" at the College Farm nor are any of the ingredients of finishes produced. "The "crop" consists of some 4,000 panels ranging from tin plate steel one half inch thick and from Venetian blinds to freight car sides.

Hung on inclined racks to obtain maximum exposure to the weather, row upon row of these panels at the College Farm are under constant scrutiny.

Inspections are made every six months by engineers of the Dupont Company.

Dupont has decided this plan offers the best known way to determine what paints are best suited to specific surfaces and how they will be affected by the weather.

When the war suddenly imposed on paint manufacturers demands for new finishes with unusual characteristics for military uses, the vast accumulation of knowledge gleaned from study of paint farm panels was considered almost invaluable.

For example, early in the war the British government began searching for an improved paint for aircraft. A Dupont laboratory reached into an approved series of paint panels for an offering. As a result, a new kind of airplane finish was adopted.

The long months this finish spent under the Texas sun, the Panhandle winds, temperature extremes as well as in the humidity extremes and salt air prevailing at other such farms on the Coast, demonstrated that this needed airplane finish would stand up in Africa, Siberia, Australia or any other place.

The Dupont farm is about two miles north of Canyon and to the east of the Canyon-Amarillo highway.

Houston Bright, former student and music teacher at West Texas State, won a sharpshooter's medal in the Army recently. With three possible classifications, he was classed in the "marksman's sharpshooter and expert" group.

Mr. Bright is temporarily stationed at Camp Wallace between Galveston and Houston, where he is attending an officer candidate's school. He was inducted into the Army on August 7.

It would be more fun if we planned for the future as seriously as we regret the past.

Anyone who works for money alone is very poorly paid.

Fashion in the Desert

Two tank men in the North African desert wear veils while writing home. Headgear may not be the height of fashion, but it keeps the flies away.

SINGING CONVENTION SUNDAY

The Randall County Singing Convention will meet Sunday, Oct. 18 at the Sunny Hill school house. The new books have come and we would like for each of you to come and hear the new songs at 2:30.

Earl Wesley, President.

No man deserves to be praised for his goodness unless he has strength of character to be wicked. All other goodness is generally nothing but indolence or impotence of will.—La Rochefoucald.

The American newly-arrived in London sat down at his hotel table and briskly began to give his order. "I'd like a thick porterhouse steak smothered in mushrooms, some butter toast—"

"Excuse me, sir," interupted the waiter gently, "are you trying to give an order, or just reminiscing about old times?"

"Figures don't lie."

"They're not supposed to. They are simply raw material in the hands of the expert.
